attached that are destined for a U.S. infested area and that will not be moved through any U.S. noninfested area may be imported from any area of Canada without restriction under this subpart.

- (2) Logs or pulpwood with bark attached that are destined for a U.S. non-infested area or will be moved through a U.S. noninfested area may be imported into the United States from Canada only under the following conditions:
- (i) If the logs or pulpwood originated in a Canadian infested area, they must be either:
- (A) Accompanied by an officially endorsed Canadian phytosanitary certificate that includes an additional declaration confirming that they have been inspected and found free of gypsy moth or that they have been treated for gypsy moth in accordance with the Plant Protection and Quarantine TreatmentManual, which is incorporated by reference at §300.1 of this chapter; or
- (B) Destined for a specified U.S. processing plant or mill under compliance agreement with the Animal and Plant Health Inspection Service for specified handling or processing.
- (ii) If the logs or pulpwood originated in a Canadian noninfested area, they must be accompanied by a certificate of origin stating that they were produced in an area of Canada where gypsy moth is not known to occur.
- (c) Outdoor household articles and mobile homes and their associated equipment. (1) Outdoor household articles and mobile homes and their associated equipment that are destined for a U.S. infested area and will not be moved through any U.S. noninfested areas may be imported from any area in Canada without restriction under this subpart.
- (2) Outdoor household articles and mobile homes and their associated equipment that are being moved from a Canadian noninfested area may be imported into any area of the United States without restriction under this subpart.

(3) Outdoor household articles and mobile homes and their associated equipment that are being moved from a Canadian infested area into a U.S. non-infested area, or that will be moved through a U.S. noninfested area, may be imported into the United States only if they are accompanied by a statement, signed by their owner, stating that they have been inspected and found free of gypsy moth.

§319.77-5 Disposition of regulated articles denied entry.

Any regulated article that is denied entry into the United States because it does not meet the requirements of this subpart must be promptly safeguarded or removed from the United States. If the article is not promptly safeguarded or removed from the United States, it may be seized, destroyed, or otherwise disposed of in accordance with section 10 of the Plant QuarantineAct (7 U.S.C. 164a) and sections 105 and 107 of the Federal Plant Pest Act(7 U.S.C. 150dd and 150ff).

PART 322—HONEYBEES AND HONEYBEE SEMEN

Sec.

322.1 Importation of honeybees and honeybee semen.

322.2 Definitions.

322.3 Permits.

322.4 Inspections.

322.5 Marking and shipping.

322.6 Arrival notification.

322.7 Costs and charges.

322.8 Ports of entry.

AUTHORITY: 7 U.S.C. 281; 7 CFR 2.22, 2.80, and 371.2(c).

SOURCE: 50 FR 25689, June 21, 1985, unless otherwise noted.

§ 322.1 Importation of honeybees and honeybee semen.

- (a) No persons may import honeybees or honeybee semen, except as otherwise provided in this part.
- (b) Honeybees or honeybee semen from Canada may be imported into the United States without any further restrictions under this part.

and Other Unmanufactured Wood Articles'' (§§ 319.40 through 319.40–11 of this part).

§ 322.1

(c) Honeybee semen from any country listed below is designated as a restricted article and may be imported only in accordance with the provisions in this part.

Australia Bermuda France Great Britain Sweden

- (d) Honeybees from any country or locality other than Canada, may be imported without complying with other provisions of this part if:
- (1) Imported by the U.S. Department of Agriculture for experimental or scientific purposes;
- (2) Imported at the Plant Germplasm Quarantine Center, Building 320, Beltsville Agricultural Research Center East, Beltsville MD 20705, or at a port of entry designated by an asterisk in §319.37–14(b);
- (3) Imported pursuant to a departmental permit issued for such honeybees and kept on file at the port of entry:
- (4) Imported under conditions specified on the departmental permit and found by the Deputy Administrator to be adequate to prevent the introduction into the United States of diseases or parasites harmful to honeybees, or genetically undesirable germ plasm of honeybees, i.e., conditions of treatment, processing, shipment, disposal; and
- (5) Imported with a departmental tag or label securely attached to the outside of the container, and with such tag or label bearing the name of the person to whom the permit is issued.
- (e) Honeybees and honeybee semen from New Zealand may transit the United States en route to another country under the following conditions:
- (1) The honeybees or honeybee semen must be accompanied by a certificate issued by the New Zealand Department of Agriculture certifying that the honeybees or honeybee semen were derived in or shipped from an apiary in New Zealand:
- (2) The honeybees or honeybee semen must be shipped nonstop to the United States for transit to another country;

- (3) The honeybees must be contained in cages that are completely enclosed by screens with mesh fine enough to prevent the honeybees from passing through. Each pallet of cages must then be covered by an escape-proof net that is secured tightly to the pallet so that no honeybees can escape from underneath the net:
- (4) The honeybees must be shipped by air through a port staffed by an inspechoneybees tor.1 The mav transloaded from one aircraft to another at the port of arrival in the provided United States, transloading is done under the supervision of an inspector and the area used for any storage of the honeybees between flights is within a completely enclosed building.
- (5) At least 2 days prior to the expected date of arrival of honeybees at a port in the United States, the shipper must notify the APHIS Officer in Charge at the port of arrival of the following: the date of arrival and departure; the name and address of both the shipper and receiver; the quantity of queens and the number of cages of package honeybees in the shipment; and, the name of the airline carrying the shipment.
- (f) Any honeybees or honeybee semen offered for import or intercepted entering the United States and not in compliance with this part shall be immediately exported from the United States by the importer or shall be destroyed by an inspector. Pending exportation or destruction, the honeybees or honeybee semen shall be subject to the immediate application of such safeguards against escape of diseases or parasites harmful to honevbees, or undesirable species or subspecies of honeybees, as the inspector determines necessary to prevent the introduction into the United States of

[50 FR 25689, June 21, 1985, as amended at 59 FR 656, Jan. 6, 1994; 59 FR 67133, Dec. 29, 1994; 60 FR 6000, Feb. 1, 1995]

§ 322.2 Definitions.

Terms used in the singular form in this part shall be construed as the plural, and vice versa, as the case may demand. The following terms, when used in this part, shall be construed respectively, to mean:

Deputy Administrator. The Deputy Administrator of the Animal and Plant Health Inspection Service for Plant Protection and Quarantine, U.S. Department of Agriculture, or any other officer or employee of the Department to whom authority to act in his or her stead has been or may hereafter be delegated.

Diseases harmful to honeybees. Honeybee diseases, including but not limited to diseases caused by Aspergillus spp., Bacillus spp., Ascosphaera spp., Kashmir virus, and Saccharomyces spp.

Honeybee. Any live honeybee of the genus *Apis* in any life stage and the germplasm of honeybees of the genus *Apis*, except honeybee semen.

Import (importation, imported). To import or move into the United States.

Inspector. Any employee of Plant Protection and Quarantine, Animal and Plant Health Inspection Service, U.S. Department of Agriculture, or other person authorized by the Deputy Administrator in accordance with the law to enforce the provisions of this part.

Parasites harmful to honeybees. Honeybee parasites, including but not limited to Varroa jacobsoni, Euvarrao sinhai, Tropilaelaps clareae, and Acarapis woodi

Person. Any individual, corporation, company, society, association, or any other organized group.

Plant Protection and Quarantine. The organizational unit within the Animal and Plant Health Inspection Service, U.S. Department of Agriculture, delegated responsibility for enforcing provisions of the Honeybee Act, as amended, and regulations promulgated thereunder.

Restricted article. Any honeybee semen from countries listed in §322.1(c).

Undesirable species of subspecies of honeybees. Apis mellifera adansonii, commonly known as the African honeybee, and its hybrids; and Apis mellifera capensis, commonly known as the Cape honeybee.

United States. The States, District of Columbia, American Samoa, Guam, Northern Mariana Islands, Puerto Rico, and the Virgin Islands of the United States.

§ 322.3 Permits.

- (a) A restricted article may be imported only after issuance of a written permit by Plant Protection and Quarantine.
- (b) An application for a written permit must be submitted to the Animal and Plant Health Inspection Service, Plant Protection and Quarantine, Biological Assessments and Taxonomic Support, 4700 River Road, Unit 133, Riverdale, Maryland 20737–1236, and should be submitted at least 30 days prior to arrival of the article at the port of entry. The completed application does not have to be on any particular form but must indicate that it is an application for a written permit and include the following information:
- (1) Name, address, and telephone number of the importer;
- (2) Amount of semen indicated to be imported and species or subspecies of the honeybees from which the semen was collected;
 - (3) Country or locality of origin;
- (4) Intended United States port of entry;
 - (5) Means of transportation; and
 - (6) Expected date of arrival.
- (c) After receipt and review of the application by Plant Protection and Quarantine, a written permit indicating the applicable conditions in this subpart for importation shall be issued for the importation of the articles specified in the application if such articles appear to be eligible to be imported. Even though a written permit has been issued for the importation of an article, it may be moved into the United States from the port of entry only if all requirements of this subpart are met and only if an inspector at the
